To Whom It May Concern:

I am honored to support Julio Cesar Rivas in establishing the Hip Hop School of the Arts, which will foster the creative and artistic talents of urban youth in Los Angeles, California. Mr. Rivas has been an inspiration to urban youth throughout the world and the Hip Hop School of the Arts will continue to have a profound impact on the underprivileged youth in Los Angeles.

My foundation is committed to purchasing the property and donating the building to the Hip Hop School of the Arts if the zoning issues can be resolved.

Sincerely,

Charles Evans Jr.
